Dear Sir:

In response to the Interview Summary dated January 16, 2004, the following is a statement of the substance of the interview. This is only in response to the Interview Summary. Applicants intend to file a response to the Office Action dated January 26, 2004, at a later time.

On January 15, 2004, the undersigned had a telephone conference with Examiner Wei Zhen of the United States Patent and Trademark Office. It was agreed that the finality of the previous Office Action dated July 15, 2003 would have its status as final removed and that a new Office Action would be issued. During the course of this conversation, it was noted that the Examiner believed some claims to be allowable. However, the Examiner believed that not all claims would be allowable as she believed there were some issues regarding the prior art even though this was in contradiction to the previous office actions. The undersigned specifically did

Application No. 09/598,105

not agree to cancel any claims the Examiner believed should not be allowed over this prior art as the applicants had not had a chance to consider such new arguments presented by the Examiner.

As a result, a new Office Action has been issued in this case and it is dated January 26, 2004. Applicants will respond to the Office Action within the statutory time period.
